

## Scholar Employment Program

### Work & Learn

**Lawrence Livermore National Laboratory** offers outstanding scholars the opportunity to compliment their academic endeavors by working in a world-class scientific research environment with state-of-the-art facilities. Students, faculty and teachers work beside LLNL researchers and staff and engage in practical research to further their educational, research and teaching goals.

#### Assignments are typically for:

- Summer – Full-time during the summer academic break
- Co-op – Full-time during the academic semester/quarter
- Year-round – Part-time during the academic year and full-time during the academic breaks

#### Qualifications:

- Must be a continuing high-school, college, or university student, teacher, or faculty member in good standing at an accredited academic institution
- Students must demonstrate strong academic achievement in a technical or business curriculum
- US citizenship is required for most assignments (U.S. permanent residency does not meet this requirement)

Visit our website to view our student and faculty job postings. Also find information on specific programs, housing options and travel.
